Dear Friends of Search and Care,

For 54 years, Search and Care has offered fee-free services to support older New Yorkers, enabling them to thrive and live independently within the safety and comfort of their own homes. Our message and mission has not changed but the needs and services we can offer have. We are able to bring the world to the door of those isolated by age and limited mobility in so many ways. Our clients are taught how to advocate for themselves. Through intergenerational trainings in technology, which both increase their ability to connect with others and boost their esteem and confidence.

This year we hosted a dance psychologist, Dr. Peter Lovett from Cambridge University in the UK. He offered a workshop for our clients, giving them a chance to understand how dance helps stimulate the brain as well as improve relationships by building trust and enhancing movement, balance, and dexterity. Everyone got up to dance!

Our core services remain in place: Care management, intergenerational connections, Silver Circles tech training, Money Matters, medical escorts, food, and nutritional advice and telehealth monitoring, outdoor groups and activities. We meet each person where they are and provide prescriptive and personalized care. We are deeply proud of what we have accomplished together as a community, deepening partnerships with other organizations and local hospital systems to make healthcare, nutrition, technology, and other essential resources accessible to older adults with limited mobility. As our world changes, we have the capability to act quickly and adapt to growing and changing needs.

We take this opportunity to thank you for your contribution in helping us to serve our aging community with dignity and respect. We look forward to the next year's challenges, grateful that we have your enduring support and generosity.

Our doors are open to you, too, if you would like to visit our office at any point. Please contact us to arrange a visit and see our work firsthand.
With immense thanks,

OUR STORY

A Charity Navigator 4-star rated nonprofit with a Candid Platinum Seal of Transparency, formed in 1972 to serve older adults in Manhattan's Upper East Side, East Harlem (2008), and Upper West Side (2021). In 54 years, we have provided free, in-home, comprehensive services to 23,000-plus older New Yorkers, largely homebound and with limited support systems, using community-based outreach to identify those in need.

Our Mission

To seek out older people in the community who need help in managing life's daily activities or accessing essential services, and to provide them the support and companionship they require to remain safe and socially connected in their own homes.

Our Community

Manhattan's Carnegie Hill, East Harlem, Upper East Side, Yorkville, and Upper West Side Neighborhoods.

Our Core Values

Ensuring our most vulnerable neighbors have access to free, in-home, relationship-based, comprehensive services regardless of faith, gender, race, sexual orientation, or socio-economic status.

PROGRAMS AND SERVICES

Search and Care offers a suite of Supportive Services that complement Care Management. This multidisciplinary, relationship-based approach addresses the myriad of older adults' needs as they age safely and connected at home.

Care Management

Our core service to address the whole of clients' needs, our diverse team of Social Workers and Care Managers help with benefits, financial management, mental health support, advocacy, care coordination with referral sources, crisis interventions, and more.

Silver Circles

Our Team provides tech training in clients' homes, during groups and workshops, and at health settings like Mount Sinai and Metropolitan Hospitals. Training ranges from using email and video-conferencing to socialize, to managing their health via virtual platforms like MyChart.

Money Matters

The Team provides expert financial consultation, helps with bill paying, develops budgets, applies for direct financial assistance, delivers funds to the homebound, organizes documents, and addresses other monetary needs as they arise.

Pets & Elders Together

This program helps pet guardians care for their beloved companion animals. Services range from advance pet planning to defraying the cost of food, veterinary care, grooming, surgeries, medication, and more via an Emergency Pet Fund.

Groups

The program addresses social isolation, teaches skills, offers cognitively stimulating activities, and forges camaraderie among participants. Approximately 25 hybrid in-person and virtual sessions are offered each month, particularly important for the homebound.

Cognitive Health

This service helps clients access cognitive and mental health resources in the community, refers them to our Stronger Memory workshop series, and offers supportive counseling.

Medical Escorting

Acting as a source of comfort, Medical Escorts accompany clients to appointments, stay for the duration, and ensure they get home safely. This service provides support for frail clients, those with mobility and/or vision challenges, or anyone fearful of attending appointments alone.

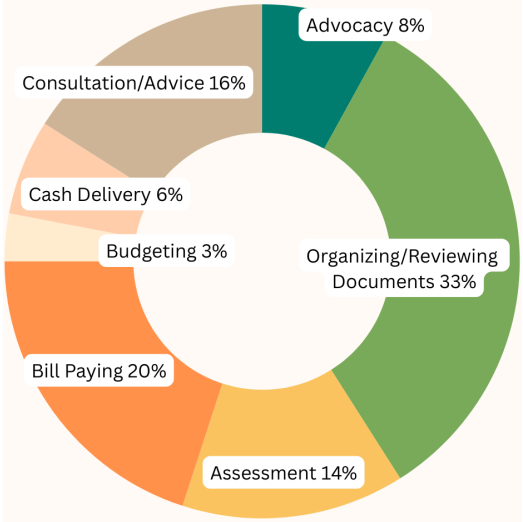

Nutrition

Our Team helps clients design meal plans; offers evidence-informed individual and/or group nutritional guidance; and provides access to our Emergency Grocery Fund, fresh food boxes from West Side Campaign Against Hunger, and Health Bucks.

Intergenerational Connections

This new initiative engages young people across the agency, utilizing a model that benefits younger and older participants alike. Youth provide technology and telehealth coaching, conduct check-in and socialization calls, facilitate groups, and receive mentorship from older adults in the iChoose high school program. Our vision is to foster intergenerational empathy and understanding.
